## The School Management Committee

2025-2026

The School Management Committee plays a pivotal role in the development of a school. The SMC will focus on the overall monitoring of the functioning of the school in various aspects like infrastructural management and development, academic progress of children, the well-being and quality of educators and the optimum use of funds.

The SMC is a dynamic entity which will engage itself in the following aspects of the school,

- School Development
- Academic Planning
- Teacher Enrichment
- Student Empowerment
- Partnering with Parents

The Schram Academy, with the mission to attain 'Excellence in Education', plans to meet with influential participants of the school, each invested in the same mission. The SMC will also be a platform for us to share best practices towards the blossoming of a unique school model.
